**Re: Request for Proposal No. 15-2751
Business Opportunity to Develop and Operate the Emma Lake Kenderdine Campus Site**

Thank you for the time and effort expended in preparing the Proposal submitted to the University of Saskatchewan for the aforementioned project and for making a presentation to the evaluation committee. As you have learned from your conference call with Patti McDougall and James Cook this morning, your group has not been chosen for further discussion about this project. We have selected a lead proponent and have decided to continue due diligence on that proposal.

The University of Saskatchewan appreciates your interest in the Kenderdine project and thanks you for your understanding and patience during this process.

Sincerely,

Gord DeClerq
Manager

GD/pdc

cc: James Cook – Manager, Business Opportunities, Corporate Administration
David Aucoin – Associate Director, Purchasing Services
